

IMPARTIAL ANALYSIS OF MEASURE B

The following impartial analysis of the measure was prepared by the office of the Humboldt County Counsel:

The California Constitution provides a school district may issue general obligation bonds for construction, reconstruction, rehabilitation, or replacement of school facilities, including furnishing and equipping school facilities, or acquiring or leasing real property for school facilities, with the approval of 55% of the voters of the district.

Approval of Measure B will authorize the Board of Trustees (“Board”) of the Arcata Elementary School District (“District”), to issue general obligation bonds in an amount not to exceed \$12.5 million to be used only for modernization, renovation, expansion, acquisition, construction/reconstruction, rehabilitation, and/or replacement of school facilities of the District, including furnishing and equipping such school facilities. The specific projects to be funded are described in the full text of Measure B. As required by law, the District’s Board certified it evaluated safety, class size reduction, enrollment growth, and information technology needs in developing the project list.

Measure B provides that a citizens’ oversight committee will be established to ensure bond proceeds are properly expended. In addition, annual performance and financial audits will be conducted.

Approval of Measure B will also authorize the District to levy a tax on the assessed value of real property within the District by an amount needed to pay the principal and interest of the bonds each year the bonds are outstanding. The District estimates the tax rate levied to meet the debt service requirements of the bonds will not exceed \$30 per year per \$100,000 of assessed valuation of taxable property. The actual dates of sale and the amount of bonds sold would be governed by the District based on the need for construction funds and other factors. If Measure B is approved, the tax rates necessary for payment of principal and interest on any bonds sold will be largely dictated by the timing of the bond sales, the amount sold at a given sale, market interest rates at the time of each sale (although in no event greater than the maximum bond interest rate allowed by law), as well as actual assessed valuation of taxable property in the District over the term of repayment

Passage of Measure B requires approval by 55% of the voters voting thereon.

- YES on Measure B will authorize the District to issue bonds in the amount not to exceed \$12.5 million and levy a tax to pay the principal and interest of the bonds.
- NO on Measure B will disapprove issuance of the bonds and levying a tax to pay for the bonds.

The above statement is an impartial analysis of Measure A. If you desire a copy of the ordinance or measure, please call the elections official’s office at 707-445-7481 and a copy will be mailed at no cost to you.

Argument in Favor of Measure B

Our schools are critical assets in our community and should be a top priority. Safe, quality schools protect property values and ensure student success. There have been some recent significant facility improvements at Arcata Elementary and Sunny Brae Middle School, but some district facilities remain in significant need of repair - including the Coastal Grove/Bloomfield site. Schools built years ago need updating and have maintenance/safety issues that must be addressed.

Our children need your YES vote on Measure B! Measure B will update our schools, infrastructure and equipment to ensure that local children have the facilities needed to be able to prepare for high school and beyond. Measure B will protect the health, safety and security of Arcata children. We must invest in our local schools so they meet today's safety, technological, and educational needs and better our community.

Measure B has been placed on the ballot to address the most pressing needs. Measure B will:

- Replace deteriorating plumbing and sewer systems
- Make health, safety and security improvements
- Modernize outdated classrooms, restrooms and school facilities
- Replace outdated and energy inefficient heating, ventilation and air-conditioning systems
- Improve playgrounds and playfields for school and community use
- Replace temporary portables with permanent classrooms

Measure B makes financial sense and protects taxpayers.

- By law, all bond funds must be spent locally and cannot be taken by the State.
- Spending must be reviewed and annually audited by an independent citizens' oversight committee.
- Funds can only be spent to improve local Arcata schools, not for teacher or administrative salaries.

Measure B upgrades, renovates and constructs school facilities, improves the education of local children, and maintains the quality of our community. That's something we can all support. Please join us and VOTE YES ON MEASURE B!

The Board hereby finds that some of the projects identified on the Full Text of Measure may require additional funding such as State matching funds, if available to the District, for completion. As such, the statement required by Education Code Section 15122.5 has been included in the Full Text of Measure attached hereto which shall be reproduced in the sample ballot.

Section 9. Delivery of this Resolution. The Clerk of the Board is hereby directed to send a copy of this Resolution, which shall include all appendices hereto, to (1) the County Registrar, and (2) the Humboldt County Clerk of the Board of Supervisors (the "Clerk of the Board") for purposes of consolidation pursuant to Elections Code Section 10403. Section 10. Consolidation of Election; Request to Provide Services. The County Registrar and the Humboldt County Board of Supervisors are hereby requested to consolidate the election ordered hereby with any and all other elections to be held on March 5, 2024 within the District.

Pursuant to Section 5303 of the Education Code and Section 10002 of the Elections Code, the Board of Supervisors of Humboldt County is requested to permit the County Registrar to render all services specified by Section 10418 of the Elections Code or other provision of law relating to the election, for which services the District agrees to reimburse Humboldt County in full upon presentation of a bill from the County, such services to include the publication of a formal Notice of School Bond Election and the mailing of the sample ballot and tax rate statement (described in Section 9401 of the Elections Code).

Section 13. Maturity Limit of Bonds. The Bonds may be issued in one or more series by the District from time to time, and each series of Bonds shall mature not more than the legal limit at the time of such issuance thereof. The Bonds shall be issued under the Act, under the provisions of Section 53506 *et seq.* of the California Government Code, or under any other provision of law authorizing the issuance of general obligation bonds by school districts.

Section 14. Estimates Included in Ballot Materials. The measure authorized by this Resolution includes information presented to voters with respect to the estimated

amount of money required to repay issued bonds, the estimated rate of the approved tax per \$100,000 of assessed valuation (*ad valorem* tax), and the estimated duration through which the proposed tax supporting bond repayment will be levied and collected, among others. Any such estimates have been provided by the District in good faith based upon information currently available to the District, but depend on numerous variables which are subject to variation and change over the term of the District's overall facilities and bond financing plan. Such estimates and approximations are not intended by the Board, and shall not be interpreted or construed as additional restrictions on the District's bond program, bond issuances and related tax rate, and, other than the total principal amount of bonds authorized to be issued by the bond measure, do not represent legal maximums or additional limitations beyond applicable legal requirements. Furthermore, the abbreviated and condensed statement of the bond measure set forth in Appendix B, limited by State law to 75 words or less, does not limit the scope and complete meaning provided in the Full Text of Bond Measure, set forth in Appendix A.

Section 15. Reimbursement. Pursuant to United States Income Tax Regulations Section 1.150-2, the District hereby declares that it may (i) pay certain costs of the projects listed in Appendix A prior to the date of issuance of bonds and, in such case, (ii) intends to use a portion of the proceeds of bonds for reimbursement of said expenditures for the projects that are paid before the date of issuance of bonds.

Section 16. Professional Services. For legal services to be performed by Bond Counsel, the District reaffirms the engagement of Jones Hall, A Professional Law Corporation, as its Bond Counsel and Disclosure Counsel. The legal services agreement on file with the Superintendent is hereby approved and the Superintendent is directed to execute said agreement on behalf of the District.

The President of the Board and the Superintendent are hereby separately authorized and directed to execute and deliver to County officials any directions, requisitions or other writings, and to make and direct any changes to the texts of the measure as described herein and in the tax rate statement, to conform to any legal requirements of the County Registrar, in order to cause the election to be held and conducted in the District in accordance with all legal requirements. The District is also referred to as "Arcata Elementary School District" which is the same entity as the "Arcata School District."

Section 18. Effective Date. This resolution shall take effect on and after its adoption.

By approval of this measure by at least 55 percent of the registered voters voting on the measure, the Arcata School District (the "District") will be authorized to issue and sell general obligation bonds in the aggregate principal of up to \$12,500,000 at interest rates not to exceed legal limits and to provide financing for the specific types of school facilities projects listed in the Bond Project List described below, subject to all the accountability requirements imposed by law and specified below.

ACCOUNTABILITY REQUIREMENTS

The provisions in this section are specifically included in this measure in order that the voters and taxpayers in the District may be assured that their money will be spent wisely. Expenditures to address specific facilities needs of the District will be in compliance with the requirements of Article XIII A, Section 1(b)(3), of the State Constitution and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Education Code Sections 15264 and following.)

Evaluation of Needs. The Board of Trustees of the District (the "School Board") has identified detailed facilities needs of the District and has determined which projects to finance from a local bond. The School Board hereby certifies that it has evaluated safety, class size reduction, enrollment growth, and information technology needs in developing the Bond Project List shown below.

Independent Citizens' Oversight Committee. Following approval of this measure, the School Board will establish an Independent Citizens' Oversight Committee, under Education Code Sections 15278 and following, to ensure bond proceeds are expended only on the types of school facilities projects listed below. The Oversight Committee will be established within 60 days of the date when the results of the election appear in the minutes of the School Board. No employee or official of the District and no vendor, contractor or consultant of the District shall be appointed to the Oversight Committee.

Performance Audits. The School Board will conduct annual, independent performance audits to ensure that the bond proceeds have been expended only on the school facilities projects listed below.

Financial Audits. The School Board will conduct annual, independent financial audits of the bond proceeds until all of those proceeds have been spent for the school facilities projects listed below.

Government Code Accountability Requirements. As required by Section 53410 of the Government Code, (1) the specific purpose of the bonds is set forth in this Full Text of the Measure, (2) the proceeds from the sale of the bonds will be used only for the purposes specified in this measure, and not for any other purpose, (3) the proceeds of the bonds, when and if issued, will be deposited into a building fund to be held by the Humboldt County Treasurer, as required by the California Education Code, and (4) the Superintendent of the District shall cause an annual report to be filed with the District Board not later than January 1 of each year, which report shall contain information regarding the amount of funds collected and expended, as well as the status of the projects listed in this measure, as required by Sections 53410 and 53411 of the Government Code.

NO TEACHER OR ADMINISTRATOR SALARIES

Proceeds from the sale of bonds authorized by this measure shall be used only for the purposes specified in Article XIII A, Section 1(b)(3), those being for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, and the acquisition or lease of school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

STATE MATCHING FUNDS

The following statement is included in this measure pursuant to Education Code Section 15122.5: Approval of this measure does not guarantee that each of the proposed projects that are the subject of bonds under this measure will be funded beyond the local revenues generated by this measure. The District's proposal for the project or projects described below may assume the receipt of additional funds including State matching funds, which, if available, could be subject to appropriation by the Legislature or approval of a statewide bond measure.

INFORMATION ABOUT ESTIMATES AND PROJECTIONS INCLUDED IN BALLOT

Voters are informed that any estimates or projections in this bond measure and related ballot materials, including relating to estimated rates of *ad valorem* property taxes, the duration of issued bonds and related levies and collections of *ad valorem* property taxes are provided as informational only. Such amounts are estimates and are not maximum amounts or limitations on the terms of the bonds, the tax rate or the duration of the levy supporting repayment of issued bonds. Such estimates depend on numerous variables which are subject to variation and change over the term of the District's overall facilities and bond financing plan, including but not limited to the amount of bonds issued and outstanding at any one time, the interest rates applicable to issued bonds, market conditions at the time of sale of the bonds, when bonds mature, timing of project needs and changes in assessed valuations in the District. As such, while such estimates and approximations are provided based on information currently available to the District and its current expectations, such estimates and approximations are not limitations and are not binding upon the District. In addition, the abbreviated and condensed statement of the bond measure presented to voters on the ballot label which is subject to a word count limitation imposed by State law does not limit the scope and complete meaning of the measure provided in this Full Text of Bond Measure and related ballot materials.

Interim Financing Included; Joint Use Projects Authorized. In addition, authorized projects include reimbursements for paid project costs and paying and/or prepaying interim or previously obtained financing for the types of projects included on the project list, such as bond anticipation notes or lease financings including certificates of participation relating to facilities projects and/or equipment previously financed. Finally, projects on this list may be undertaken and used as joint use projects with other public agencies.

Unforeseen Circumstances. Many factors which the District cannot predict or control may impact its ability to address each of the projects, including but not limited to construction cost issues, supply chain issues which can cause project delays, labor shortages, and unknown environmental factors or site conditions, among others. The District is unable to anticipate all unforeseen circumstances which may prevent some of the projects listed above from being undertaken or completed. Approval of the District's bond measure does not guarantee that all of the identified projects within the Bond Project List will be funded beyond what can be completed with funds generated by this bond measure.

Project List Not in Order of Priority; Board Determines Prioritization. The order in which projects are listed in the foregoing Bond Project List does not suggest an order of priority. Project prioritization is vested in and will be determined by the District Board.

Interpretation. The terms of this Bond Measure and the words used in the Bond Project List shall be interpreted broadly to effect the purpose of providing broad and clear authority for the officers and employees of the District to provide for the school facilities projects the District proposes to finance with the proceeds of the sale of bonds authorized by this proposition within the authority provided by law, including Article XIII A, Section 1(b)(3) of the California Constitution, Education Code Section 15000 *et seq.* and the Strict Accountability in Local School Construction Bonds Act of 2000. Words used in the Project List such as repair, improve, upgrade, expand, modernize, renovate, and reconfigure are used to describe school facilities projects in plain English but are not intended to expand the nature of such projects beyond what is authorized by law. As such, in accordance with legal requirements, the Bond Project List does not authorize, and shall not be interpreted to authorize, expending proceeds of the sale of bonds authorized by this proposition for current maintenance, operation or repairs.

Severability. The District Board hereby declares, and the voters by approving this Bond Measure concur, that every section and part of this bond proposition has independent value, and the District Board and the voters would have adopted each provision hereof regardless of every other provision hereof. Upon approval of this measure by the voters, should any part be found by a court of competent jurisdiction to be invalid for any reason, all remaining parts hereof shall remain in full force and effect to the fullest extent allowed by law, and to this end the provisions of this bond measure are severable.

APPENDIX C

TAX RATE STATEMENT REGARDING PROPOSED ARCATA SCHOOL DISTRICT GENERAL OBLIGATION BONDS

An election will be held in the Arcata School District (the "District") on March 5, 2024, to authorize the sale of up to \$12,500,000 in bonds of the District to finance school facilities as described in the measure. If such bonds are authorized and sold, principal and interest on the bonds will be payable only from the proceeds of *ad valorem* tax levies made upon the taxable property in the District. The following information is provided in compliance with Sections 9400-9404 of the Elections Code of the State of California. Such information is based upon the best estimates and projections presently available from official sources, upon experience within the District, and other demonstrable factors.

Based upon the foregoing and projections of the District's assessed valuation, the following information is provided:

1. The best estimate of the average annual tax rate which would be required to be levied to fund this bond issue over the entire duration of the bond debt service, based on a projection of assessed valuations available at the time of filing of this statement, is \$29 per \$100,000 of assessed value. The final fiscal year in which it is anticipated that the tax will be collected is 2057-58.
2. The best estimate of the highest tax rate which would be required to be levied to fund this bond issue, based on a projection of assessed valuations available at the time of filing of this statement, is \$30 per \$100,000 of assessed value. It is estimated that the year in which the highest tax rate would apply is in fiscal year 2024-25.
3. The best estimate of the total debt service, including the principal and interest, that would be required to be repaid if all the bonds are issued and sold is approximately \$26.2 million.

Voters should note the estimated tax rate is based on the assessed value (not market value) of taxable property on the County's official tax rolls. In addition, taxpayers eligible for a property tax exemption, such as the homeowner's exemption, will be taxed at a lower effective tax rate than described above. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions.

The attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only, which amounts are not maximum amounts or durations and are not binding upon the District. The actual debt service, tax rates and the years in which they will apply may vary from those used to provide the estimates set forth above, due to factors such as variations in the timing of bond sales, the par amount of bonds sold and market interest rates available at the time of each sale, actual assessed valuations over the term of the bonds, and other factors. The date and amount of bonds sold at any given time will be determined by the District based on the need for project

funds and other considerations. The actual interest rates at which the bonds will be sold will depend on conditions in the bond market at the time of sale. Actual future assessed valuations will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.
