Hi Stacy,

Do we have a written policy/procedure for the below items?

Thank you,

Subject: Grant Application Information

Hi Keith,

I am working with John Moredo on a Grant application that is due 12/31/24. We were hoping you

could help us locate some information we need for the application or at least steer us in the right direction. Here are the items we need help with:

- 2D~Establishment of permitting processes that take less than four months to complete. Policies under this category must address all approvals necessary to issue building permits. We follow state law with a turnaround times. Typically we process permits within four weeks but could take up to six weeks from a complete application.
- 2F~Priority permit processing or reduced plan check times for homes affordable to Lower-Income Households. We follow state law with the turnaround times but do not have anything within our current permitting system that will allow us to ask if the project is low-income housing.
- 2J~Priority permit processing or reduced plan check times for ADU's/JADUs or multifamily housing. We follow state law regarding turnaround times.

Thank you for your time!
