John McBeth
Justin Zabel

Dear Ms Nilsen:

The Humboldt County Aviation Advisory Committee was invited to respond to Items R11 and R12 of the 2014-15 Humboldt County Grand Jury Report.

Following are our responses.

Reference Item R11: The Committee, at the June 30th meeting, officially requested that the Humboldt County Department of Public Works share all airport inspection reports with the Committee as they are received in the future.

Reference Item R12: The Committee, based upon a motion made at the April 28, 2015 meeting, wrote a letter, dated May 26, 2015, to the Board of Supervisors as an inquiry regarding their interest in the Committee attempting to explore alternate funding or operation/management methods for the County airport system. We have not yet received a response to this letter but do not intend to investigate this possibility unless the Board of Supervisors desires that we to do so.

Sincerely,

Richard Fenton, Secretary
