From the office of Chief of Police Andrew G. Mills

Earthquake, Flood, Tsunami

December 15, 2016

Superior Court of Humboldt County
825 5th Street
Eureka, California 95501

Dear Judge Hinrichs,

After viewing the Grand Jury Report and studying its findings, the Eureka Police Department has the following response to their findings:

1. The Operations Center has no satellite phone for use during an emergency.

The Grand Jury made four recommendations concerning these topics.

1. Concerning recommendation three: The Eureka Police Department has one satellite phone available through Humboldt Bay Fire and will include a recommendation to purchase a phone in its next budget request.

I hope these responses are sufficient for the members of the Jury. I apologize for any delay in getting them to the Grand Jury.

Sincerely,

Andrew G. Mills
Chief of Police
